

**Department of Electronics and Communication Engineering  
PES College of Engineering, Mandya-01**

**TechnoFeast-19**

**Round-2**

**कल्पन - विश्लेषणा - परिकल्पना**

**Rules and Guidelines**

---

1. All teams must register and collect team tokens from the volunteers.
  2. At the time of registration Team members who are present can communicate to the volunteers about the team member who is not present or not participating.
  3. Two Questions per team.
  4. Questions will be based on but not constrained to: Physics, Chemistry, Fundamentals of electronics, Mathematics, Signals and systems, Network analysis, Digital electronics, Analog electronics, Instrumentation, Field theory.
  5. Each team will be provided with two response sheets i.e. one per question.
  6. One question will be on analysis and other on Design.
  7. Question will be assigned to the team through the web link by the volunteers.
  8. Each question in the web link will have 4 options and the team must check mark or tick the most appropriate answer. Ticking of the option can be done at any point of time between the 30 minutes of the event.
  9. Team has to record the reasoning for the particular option selected for respective question in respective sheets.
  10. Reasoning may include the theorems, concepts, assumptions, approximations, models and overall steps how the team arrived at the particular answer.
  11. Teams submitting response sheets without locked option or response sheets without reasoning are disqualified.
  12. Teams have to complete and submit the responses within 30 minutes.
  13. Response sheets have to be submitted to the volunteers with all required details duly filled in.
  14. Any difficulties in browsing link or any confusion can be brought to the notice of available volunteers.
